**MONTEREY COUNTY POPS! ORCHESTRA
REACHES ALL AGES…**

SCHOOL RESIDENCY

As you can see on our 2024 Calendar of Events, our School Residency Program is expanding. The Monterey County Pops! visit to North Monterey County High School, involved well over 200 students with students engaged in and attended 22 different clinics! The evening concert hosted around 450 people in the audience.

We have now returned to some high schools for a second or third residency. On several occasions, students asked me how they could join MCP! and were advised to practice and to attend college as a music major. This demonstrated that the residencies revealed to students that music could be much more than an enjoyable experience for kids in high school. By sharing a clinic and concert with active music professionals they have begun to realize that music can be a part of their adult life and possibly even a career."
