

Famous Cellists/Recording artists (in order of oldest to newest)

Pablo Casals, Emanuel Feuermann, Pierre Fournier, Janos Starker, Jaqueline DuPre, Mstislav Rostropovich, Yo-Yo Ma

I would also like to direct your attention back to cello ensembles - one of the most famous and beautiful is the *Bachianas Brasileiras No 5 for 8 cellos and Soprano* by *Hector Villa-Lobos*

Another is *Hymnus* written by 19th century cellist *Julius Klengel*, recorded by the 12 cellists of the Berlin Philharmonic (and other groups)

There is also a HUGE amount of videos on the internet of cello solos and cello ensembles.
