## **Tubby the Tuba**

Our virtual **Peter and the Wolf** was shown to over 4,000 elementary school children during this past year. The teachers appreciated our efforts to keep the arts alive for their classrooms. Stay tuned for another virtual and/or live performance of "**Tubby the Tuba.**"

For sixty years audiences have been charmed by the adventures of a tuba named Tubby. All day long, Tubby plays oompah, oompah with his orchestra, but what he really wants is to "dance with the pretty little tune." A resourceful bullfrog shows Tubby that everyone has the right to play his own melody.

**Tubby the Tuba (Book & CD)**  
by Paul Tripp and Henry Cole  
Oct 19, 2006

When Tubby the Tuba sets out to find a melody all his own, his journey results in this enchanting musical tale. What a captivating and delightful treat for a whole new generation to enjoy the world's most famous tuba!

**Tubby** will be presented live or via Zoom as a demonstration of the brass instruments, and percussion (trumpet, horn, trombone, tuba and percussion) combined with a performance of "**Tubby the Tuba**" with **Reg Huston as narrator**
